

## **METHACRYLATE HEXAGONAL SILO**

Our silos have the purpose to store roasted coffee beans, and are specially advised for Coffee-Shops, big markets, baker's, cake shop, etc...

They are designed in a modern and very elegant line. The silos provide a support on its back to hold them to the wall.

Manufactured in methacrylate material, except the brilliant details to which we can apply a stainless steel bath or customer's chosen color.

Code	Capacity of coffee	Length	Width	Height
<b>S_2MH</b>	2 kg roasted grain	150 mm	150 mm	460 mm
<b>S_5MH</b>	5 kg roasted grain	200 mm	200 mm	580 mm
